

TO: Parents/Staff of Remington Educational Complex Students on  
Pesticide Notification List

FROM: Nicole Dillon  
Safety Office Secretary

DATE: February 1, 2017

RE: Pesticide Spraying

I have been notified by the Herkimer-Fulton-Hamilton-Otsego BOCES of a pesticide application. The pesticide to be used will be Cimexa Insecticide Dust, Specimen, Phantom Termiticide-Insecticide, Steri-Fab, and Bayer Temprid. Further information about the products being applied, including any warning that appears on the label of the pesticide that are pertinent to the protection of humans, animals, or the environment, can be obtained by calling the National Pesticide Telecommunications Network Information Line at 1-800-858-7378, the New York State Department of Health Center for Environmental Health Information Line at 1-800-458-1158 or Dan Parker at the number listed below.

**DATE OF APPLICATION:** Friday, February 3, 2017 at 3 PM

**LOCATION:** Remington Educational Complex  
77 East North St, Ilion, NY 13357

**SCHOOL PESTICIDE REPRESENTATIVE:**  
Dan Parker – (315) 867-2204
